

pressed, however that the czar has again made it plain to France that Russia can not be dragged into following a policy of revenge, and the conviction becomes all the more widespread, as it is industriously pressed in every quarter, that France will relinquish the idea of revenge upon Germany and re-conquest of Alsace-Lorraine, and will gradually become more friendly to Germany. Doubtless, however, the wish is in this case rather to the point.

AWKWARD MANEUVERING.

An unpleasant surprise has been created by the naval correspondence of the Kreuz Zeitung and other Conservative newspapers as well as the correspondent of the Deutsche Zeitung Rundschau, reporting the naval maneuvers near Dantzig during the past fortnight. They describe the evolutions of the German war vessels as having been total failures, so far as quickness and maneuvering ability to resist torpedo attacks are concerned. On Tuesday last, off the port of Riga, one ironclad division narrowly missed running aground while maneuvering to escape torpedo boats. The correspondents, who were themselves naval men, and who were on board the vessels engaged in the maneuvers, attribute this lack of skill to the want of modern equipment on the German ships. The government will argue from this that more cruisers are needed for the German fleet and will urge the necessity of forming a division of cruisers.

BISMARCK GIVES ADVICE.

The new chief of the navy department, Admiral Von Tirpitz, paid a visit to Prince Bismarck during the week and consulted the ex-chancellor on naval matters, especially as to the need of a larger German navy. Prince Bismarck conceded the necessity of strengthening the fleet, but he strongly dissuaded the admiral from making that the political issue in the Reichstag during the coming session of that body. On the following day Von Tirpitz went to Wilhelmshaven to report the result of his visit to the emperor. It is said on high authority that his majesty still clings to his intention to force the Reichstag to grant much larger appropriations than hitherto for naval construction. But the center and liberal factions still stubbornly oppose the proposition, and the newspaper organs of those parties never miss an opportunity of repeating the opposition to the emperor's pet project.

A BLOW AT "DIVINE RIGHT."

There is a decided coolness between the emperor and the King of Saxony. The latter blames King Albert for the latter's recent decision in the Schomburg-Lippe succession case, as calculated to destroy belief in the divine right theory. Because of this coolness King Albert has refused to be present at the army maneuvers next month, and has accepted the invitation of Emperor Francis Joseph of Austria to witness the army maneuvers in Hungary.

MEANT TO KILL WILLIAM.

The investigation into the recent derailment of the Hamburg-Berlin express near Celle, which led to the loss of life and in the destruction of considerable property, has yielded sensational results. The Berlin detective have ascertained that the accident was due to a criminal plot in which at least five persons, evidently foreigners, were concerned. Dynamite cartridges had been placed near the tracks and lighted fuses were attached to them. The political police of Berlin have further learned that five anarchists, evidently the same five persons, left Paris for Germany a week before the accident, and that they were seen at Celle the night before the accident. They made inquiries in broken German regarding Emperor William's trip over that road, but did not obtain correct information. It is now believed that the plot was an attempt upon the emperor's life.

MISSIONARIES BLAMED.

The Lokal Anzeiger publishes an interview with Mohammed Nour Bey, of the Turkish foreign office at Constantinople, in which he is quoted as saying: "The Armenian revolutionists in Turkey are all pupils and proteges of the American mission schools at Marivan, Bitlis, Erzerum and Van. The activity of these schools," he says, "is to be added, 'are the cause of Turkey and Armenia alike.'"

MR. WHITE'S BAD COLD.

The United States ambassador, Mr. Andrew D. White, returned here from Paris on Wednesday last, and was confined to his bed on the following day with a bad cold.

Paris, Aug. 28.—The Gaulois publishes details of the signing of the treaty between France and Russia, which it declares to be a formal offensive and defensive agreement. The treaty, the paper says, was concluded in the emperor's study in the Alexandria palace at Peterhof on last Wednesday. M. Faure, the czar, M. Hanotaux, the French foreign minister, and Count Muraviev, the Russian prime minister, were present. The

French government has lately written a book devoted to the ailments peculiar to the female sex. It is profusely and beautifully illustrated, and every woman should possess it. It will be sent free to women only, for a short time, by The Peru-na Drug Manufacturing Co., Columbus, Ohio.

WRANGLING OVER THE SEALS.

Hearings Sea Commission Goes Off by Itself. Halifax, N. S., Aug. 28.—The Bering sea commission met again today. Honorable F. G. Poirer, who occupied the whole session yesterday, continued his address. He followed the same grounds as taken by him yesterday in regard to the loss of the sealers from prospective catches. He claimed that as the United States had taken the stand during the German convention that prospective damages should be awarded, that today the same contention by the Canadian counsel should be supported. He pointed out that the United States authorities claimed prospective damages on behalf of the United States at a time when a number of American vessels sailing in Fortune Bay were prevented from fishing by a mob of natives, and that an award was made in view of the fact that a big catch was prevented by reason of the action of the assailants. He further claimed that damages should be made for bodily hardship to the crew.

For the government Mr. Poirer claimed damages for the sealers, inasmuch as there had been intention on the part of the United States to prevent the fishing by Canadian sealers. Since after case affecting the business relations between parties where wrongful interruption had taken place were brought by the speaker to the notice of the British counsel it was claimed that the British counsel was endeavoring to recover damages for insult to the British flag, etc. This he disputed.

In the case of the Resolute, a French vessel injured by collision with an Italian bark, damage was claimed for loss from prospective catches and 22,000 francs damage for such loss was awarded. He also urged as a strong point that the damage in the case was not applicable.

London, Aug. 28.—The court martial held in cases by the British on the night of August 18 between the twin screw torpedo boat Destroyer and Thraisher and the second-class twin screw cruiser Phaeton, has resulted in the dismissal of Gunner Markham of the Thraisher from that ship, and in a reprimand to Captain Kirby and Lieutenant Graham for want of care in navigating the vessel.

The Greeks were physically perfect and beautiful because they were healthy. The man who suffers from ill-health cannot be physically robust and manly. The woman who is sickly cannot be beautiful and womanly. Most all forms of ill-health can be cured by the use of Dr. Pierce's Golden Medical Discovery.

Disorders of the digestion. When the digestion is bad the blood becomes impure, and is imperfectly supplied with the food-elements that build up new and healthy tissues, and that carry away those that are inert and half-dead. The nerves are not rebuilt from day to day with new, vigorous, active fibers. Every organ, tissue, muscle and nerve in the body is half furnished for healthy nutriment. Almost any disorder of the digestion may be cured by the use of Dr. Pierce's Golden Medical Discovery. It builds new, firm flesh, healthy, active nerve fibers, and strong elastic muscles. It cures 98 per cent. of all cases of consumption, and restores diseases. It cures nervous prostration. Druggists sell it.

The man who is too lazy or neglectful to take an occasional dose of medicine to ward off the evil effects of constipation deserves to die. And he will surely get his death if he neglects to take the first cause of much sickness. Dr. Pierce's Pleasant Pellets cure constipation. They never gripe. One little "Pellet" is a gentle laxative and two a mild cathartic. All good druggists sell them. No other pills are as good.

There is a sure preventive and remedy for these conditions and maladies. It is Dr. Pierce's Golden Medical Discovery. It corrects all disorders of the digestion. It restores the lost or failing appetite and invigorates the liver. It fills the arteries with the pure, rich, red blood of health. It builds new, firm flesh, healthy, active nerve fibers, and strong elastic muscles. It cures 98 per cent. of all cases of consumption, and restores diseases. It cures nervous prostration. Druggists sell it.

The man who is too lazy or neglectful to take an occasional dose of medicine to ward off the evil effects of constipation deserves to die. And he will surely get his death if he neglects to take the first cause of much sickness. Dr. Pierce's Pleasant Pellets cure constipation. They never gripe. One little "Pellet" is a gentle laxative and two a mild cathartic. All good druggists sell them. No other pills are as good.

HOW CAN THEY SELL

IS THE QUESTION DOLAN ASKS THE SMALL OPERATORS.

These Are Out of Patience With the "Big Thirteen," and Threaten to Start Their Mines, Paying the 60-Cent Rate, If the Strike Leaders Will Agree to Let the Men Return—Dolan Says That's All Right, but How Are They Going to Get Their Coal to Market Except Through the Syndicate?—Strike News.

Pittsburg, Pa., Aug. 28.—The small coal operators in the Pittsburg district, who are in the majority, are in revolt against the "big thirteen" or lake shippers and threaten to put their mines in operation at the rate demanded by the miners, 69 cents, next week, if the miners' officials will allow the men to return to work. In effect of selling their product to the "big thirteen" as heretofore, they will forward to the markets themselves.

Miners' President Dolan said that if the small operators could show how they were going to sell their coal outside of the syndicate he would readily give his consent to their plans to resume work. The "big thirteen" are owners of the different mines where the most bitter fight against the demands of the miners is being made and they practically control the coal trade in this part of the country.

FIRST MINES TO START.

Pittsburg, Aug. 28.—The first mines in the Pittsburg district to be started in the attempt to break the big coal strike will be those of the Chicago Gas Coal company on the Wheeling division of the Baltimore and Ohio road. The company prefer the old men to return and for that reason have deferred action for ten days.

MARCHERS OUT EARLY.

Pittsburg, Pa., Aug. 28.—The campers at Plum Creek executed a flank movement upon the deputies on guard there shortly before daylight and before they were discovered had marched all around the company's houses and induced eight men to stay at home. When the deputies arrived they attempted to stop the marchers, but the strikers paid no attention to the orders, and when they had finished their work marched back to the camp.

There is much suffering at Camp Isolation on account of the lack of clothing and shoes. Many of the men are barefooted, having worn their shoes out marching and doing manual work. Superintendent De Armit visited many of the striking miners at their homes, but failed to induce any of them to return to work.

Hereafter the deputies will not interfere with the strikers if they march after 6 o'clock in the morning, and keep off the property of the coal company, but all marchers will be stopped before that hour.

WOMEN GO MARCHING.

About thirty women made a demonstration at Newton this morning, before daylight. They carried miniature flags, which they waved enthusiastically as they marched up and down the road. Every now and then the women cheered and they walked quickly to keep warm. The deputies kept away from the women, and the paraders, after marching up and down for an hour, got tired and went home.

Not a digger showed himself near the marching women. The few who went to work took a roundabout route to the pit.

A CORNER IN COAL.

Pittsburg, Pa., Aug. 28.—By the end of next week all the coal in the Monongahela river will be practically in the hands of one firm, and the prices will be made by the lucky possessors of the valuable mineral. There has been a steady increase in the price of coal all week, and at present run of mine coal brings from 10 to 12-1/2 cents. When the present strike began the firm of John H. Jones & Co. saw that prices must advance, and they quietly went to work and bought coal everywhere they could at prices which now seem very cheap. They have been keeping this coal and now practically control the coal trade in this vicinity.

When seen today, Mr. Jones refused to say just how much coal they had, but admitted that the amount was over 500,000 bushels. Inquiries among other coal firms developed the fact that there was very little coal outside of that held by Jones & Co., and that firm would be able to get their own price. Today they were asking 12-1/2 cents for run of mine, and 10-1/2 cents for lump coal. This is an advance of 2 cents over yesterday, and it was predicted that coal would be selling at 13 cents on Monday. This afternoon slack was selling at 10 cents by the barges. While some coal is being received from West Virginia, it is not for domestic use, and will not affect the price to any extent.

THE ELEANOR MINERS.

Dubuque, Mo., Aug. 28.—The Eleanor miners joined the strikers this morning, and with the Reynoldsville miners took up the march. 600 strong, to Walston. The Reynoldsville miners camped at Eleanor last night and the marchers left early this morning. The Walston and Odrain miners will probably strike and this will preclude the possibility of the miners here holding a meeting Monday to reconsider the question of returning to work. General Manager Robinson was in New York consulting with the owners of the mines, but is expected home soon.

GET WHAT YOU WANT.

If you want something you want it, and don't let any one palm off another article on you made by a different firm. If you go to a drug store to get soda water you would walk out in disgust if the druggist were to try and sell you a glass of hot liver oil, but you think nothing of it if you ask for a certain brand of sarsaparilla, or any compound or some other body's liver pills, and they just say, "You another brand, saying its just as good. That's substitution. And that is what every legitimate tradesman in the United States is objecting to."—Evening Telegraph, Bucyrus, Ohio.

GETTING THE WORST OF IT.

British Forces Are Having No Kind of a Picnic at Khyber Pass.

Simla, Aug. 28.—News has just been received here of another insurgent success. The Daulatpals on Thursday last captured the police post at Mahomendo. It was guarded by a detachment of the border police. The insurgents retreated to a new post held by a detachment of the Second Punjab infantry, reaching there the next morning.

As the flying column commanded by the colonel, which left Hanguan on Thursday to reinforce the post on the

Semariang, which was attacked by insurgents, was returning after repulsing the enemy, the enemy rallied and attacked the British force in the plain. The tribesmen, however, although in great force were again driven off with heavy loss.

On the British side Captain Baird-Smith and Lieutenant North of the Scotch Fusiliers, and three men of the Punjab infantry were wounded. The British post at Lukka was attacked yesterday. The Fifteenth Sikhs, with two guns, were sent to reinforce the garrison but their advance was stubbornly opposed.

There was heavy firing all last night in the direction of the gunnawall post on the Samariang. Colonel Vaughn, commanding at Fort Lockhart, hearing of the large and threatening gathering of the Orakais above Fort Gulistan, on the Samariang, started to the assistance of the garrison with 150 rifles. The colonel reports that shortly before his arrival at Fort Gulistan yesterday morning a reconnoitering party under Major Des Vaux, who commands at Fort Gulistan, was compelled to retire under fire. The latest news from the front is not of a more hopeful character than that received last night. But against the temporary success of the British arms must be set the very serious state of affairs prevalent at Quatta. There is little doubt that if the fort there is attacked the chances of the garrison's safety are slight. The fortifications are practically nonexistent and the place is said to be inadequately manned. The command in chief cannot too speedily dispatch a relief force to Quatta, for that place is almost entirely isolated.

Another note of alarm, and a rather incomprehensible one in view of the gallant defense made in the cases of forts Ali-Musjed and Lundi-Kotal, comes this morning from Jamrud, from which place a dispatch announces that the British military authorities yesterday deemed it wise to disarm the Khyber Rifles, formerly the center of the country's garrisons on the Samia range, next to Quatta.

The situation of the country's garrisons on the Samia range is next to Quatta, the center of interest in view of the urgent need for re-enforcements, and Colonel Gordon tomorrow will lead a column of troops through the Kotal Pass into the Samia district.

On the other hand, a hopeful sign is the well authenticated report that dimensions have broken out among the Afridis.

BUCKLEN'S ARNICA BALVE.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, cures positively, cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Geo. Van Warden's Pharmacy, 323 N. Main street, and G. Gehring's drug store, northeast corner Topeka and Douglas avenues.

IMMENSE FIND OF COPPER.

Million Tons of Ore in Sight on an Island Off Alaska.

Seattle, Wash., Aug. 28.—W. A. Dickey of Seattle, who has returned on the schooner Helen from a journey of exploration upon the Shushitna river, reports that a new find of copper has been made on an island of Prince William Sound near Montagu Island. The discoverer was Mr. Betson, an expert representing a California syndicate, and Messrs. Glendhaugh and R. I. Preston, two old residents of Cook's Inlet. The lead is said to be 300 or 400 feet wide, the ore being peacock copper with one million tons in sight.

Dickey, at the head of a party of five, went up the Shushitna river further than it had before been explored. He and the party reached the canyon, 200 miles from the mouth, after encountering awful hardships. They discovered no gold.

SENATOR GEORGE'S SUCCESSOR.

Interest in the Appointment Increases as the Time Draws Near.

Jackson, Mich., Aug. 28.—Interest in the appointment of a successor to the late G. Z. George grows apace as the time for the appointment approaches. Among those more prominently mentioned for the position are ex-Governor Lowry, Senator George H. D. Money, who was elected to take the place of Senator George, commencing in 1899, and Hon. J. W. Curtis. It is to be remembered that the appointment by the governor holds until the election by the legislature, which meets in January.

Best Hunting and Fishing.

IN THE CRETAN ASSEMBLY.

Stormy Scene When That Body Considers Autonomy Schemes.

Candia, Crete, Aug. 28.—A stormy scene occurred in the Cretan assembly when that body met this week to consider the question of the acceptance of the scheme of autonomy for the island. Sixty members voted in favor of the immediate acceptance of the scheme and twelve opposed it. When the result of the voting was made known, the delegates who opposed the scheme, including the president of the assembly, withdrew from the chamber.

A unanimous demand was made that the Turkish troops withdraw from Thessaly at once.

Athens, Aug. 28.—The government has replied to the request of the powers for a statement of the revenue it will be able to assign as a guarantee for an indemnity loan, that since the amount of the indemnity has not been fixed, it is not able to give an answer.

London, Aug. 28.—The Duke of Westminster has issued an appeal to the British public for funds to be used for the relief of the distress which prevails in Athens among the refugees from Thessaly and Crete, which he terms the "Greek Refugee European diplomacy." He claims that there are 50,000 refugees depending upon charity in Athens.

Athens, Aug. 28.—It is expected that trouble will result from a recent encounter in the lobby of the chamber of deputies between M. Levitis, formerly minister of marine, and M. Grivas, chief of staff of the Greek fleet. M. Levitis taunted M. Grivas regarding the conduct of the fleet before Preveza, whereupon the latter struck M. Levitis, who is believed, will challenge his assailant.

Chicago, Aug. 28.—Next Monday all lines will sell round-trip tickets to San Francisco for one fare, or \$12.50. The round trip from the Missouri river will be \$60. The reduction is the result of a row over the transportation of the latter class of "raw" convention to be held here in San Francisco.

Seattle, Wash., August 28.—The announcement is made that George E. Piper has purchased the Post-Intelligencer of this city, and will take possession on September next. Mr. Piper, the present proprietor, is retiring from the management of the paper.

DABBLED IN BLOOD

GARMENTS GIVE A CLUE TO THE KILLER OF KAY.

In a Crevise in the Rocks Near the Cog Road Track on Pike's Peak is Found a Suit of Underclothing With Bloodstains of Such a Nature and in Such Position as to Indicate That Their Wearer Could Tell of a Dead Man Dragged to a Hiding Place—The Edmunds End of the Story.

Colorado Springs, Col., Aug. 28.—A young man discovered a bundle of blood-stained underclothes and a flannel negligee shirt in a crevice in the rock just below the cog road track, and about 500 feet above the Manitou and Pike's Peak railroad depot. The front of the shirt and the lower part of the underclothing were saturated with blood. The clothes are believed to belong to the men who murdered Kay, and answer in every detail to the description of the clothes which John E. Edmunds was known to have been wearing when he was last seen in this city a few days prior to the murder. The bloodstains are accounted for by the supposition that the murderer held the body in his arms, the head against his breast and the feet trailing on the ground, when he dragged it to the culvert where it was found. Kay was struck in the back of the head and the nature of the stains is exactly that which might be expected from handling a man bleeding from such a wound.

Kansas City, Aug. 28.—When shown the Colorado dispatch telling of the finding of a bundle of clothes supposed to belong to Johnnie B. Edmunds, the Pike's Peak murder suspect in jail here, Chief of Police Hays today said that when arrested the prisoner wore a brand new suit of underclothing.

When told of it, Edmunds declared that he would not return to Colorado till compelled to. Edmunds made no admission.

SPORT AT MANHATTAN FIELD.

Greatest Day in the History of the Amateur Athletic Association.

New York, Aug. 28.—When the National Championship Athletic games began at Manhattan Field this afternoon, there were over 2,000 persons present and a continuous line of new arrivals was passing through the turnstiles. The weather conditions could not have been better and the contending athletes ordered them to suit themselves. The visiting athletes, including Chicago, were all looked upon favorably. In the 100 yards dash, Maybury of Chicago won the first trial heat by a yard from F. Jarvis of Pittsburgh in 15 1/2 seconds. Wafors, the world's champion, won the second heat with his hands in the air, by two yards from Itash of Chicago in 19 1/2 seconds.

Results: 100 yard dash, trial—First heat, won by James H. Maybury, C. A. A.; F. Jarvis, Pittsburgh A. C., second; J. W. Ebbel, K. A. C., third. Time 10 1/2 seconds. Second heat: Won by B. J. Wafors, N. Y. A. C.; J. H. Rush, C. A. C., second; W. A. Kams, K. A. C., third. Time 19 1/2 seconds. The third men in the two trial heats were to have an off to see which would run in the final heat, but Ebbel withdrew to save his speed for the 220 yards dash, and Kams had a walkover, thus leaving five men to contest the final of the 100 yards dash.

880 yards run—Won by J. C. Cregg, N. Y. A. C.; N. L. Maynard, N. Y. A. C., second; Edward M. Powers, Pittsburgh A. C., third; George Crephans, Montreal A. C., fourth. Time 1:58 3/4.

Putting the 15-pound shot—Won by Charles Henneman, Chicago A. A., distance 42 feet, 7 3/4 inches; F. L. Murphy, N. Y. A. C., 42 feet 6 inches, second. Running high jump—Won by I. K. Baxter, N. Y. A. C., height 6 feet 2 1/4 inches; W. C. Carroll, N. Y. A. C., height 6 feet, second; N. T. Leslie, N. Y. A. C., height 5 feet 11 inches, third. 120 yards hurdle race—Won by J. H. Thompson, Jr., N. Y. A. C.; John R. Richards, Chicago A. A., second; T. M. Chase, N. Y. A. C., third; T. C. McQueney, Springfield A. A., fourth; N. H. Friessell, Pittsburgh A. C., fell at the ninth hurdle and did not finish. Time 16 seconds. Thompson won by a yard, ten feet between second and third.

One mile bicycle race—Won by I. A. Powell, N. Y. A. C.; Harry Horsford, N. Y. A. C., second. Time 2:24 2/5. Throwing the 16-pound weight—Won by James S. Mitchell, Pastime A. C., distance 32 feet, 2 inches; Charles Henne, Chicago A. A., distance 33 feet, 2 1/2 inches, second; R. W. Edgren, Knickerbocker A. C., distance 27 feet, 1 inch, third.

Pole vault—Won by J. L. Harburt, Jr., New York A. C., height 11 feet, 1 inch; O. B. Smith, Knickerbocker A. C., height 10 feet, 10 inches, second; C. Van Winkle, New York A. C., R. S. Wilder, New York A. C., and F. G. Franz, C. A. W., Washington, tied for third place at 10 feet 6 inches, and the last two agreed to give the place to Van Winkle.

One mile relay race—Won by the New York C. A. team, B. J. Wafors, T. E. Burke, H. S. Lyons and M. H. Long; Chicago A. A. team, R. B. Barred, J. H. Rush, D. H. Jackson and A. C. Townsend, second; Knickerbocker A. C. team, G. V. Lyons, G. G. Hollander, J. P. Bernhard and Jerome Buck, third. Time 3:21 3/5. The New York men led from the start and Wafors, who ran the last quarter in 49 1/2 seconds, finished 23 yards ahead of Townsend, who was four feet before Buck. This time beats the record held by Yale, which was 3:22 3/4.

Running broad jump—Won by E. B. Elias, New York A. C., distance 21 feet, 10 1/2 inches; J. F. Bennett, East Boston A. A., distance 21 feet 10 inches, second; N. H. Friessell, Pittsburgh A. C., distance 21 feet 4 inches, third. Score by points: New York A. C., 74; Chicago A. C., 34; Pastime A. C., 16; Knickerbocker A. C., 12; New Jersey A. C., 5; Montreal A. A. U., 3; East Boston A. A., 2; Pittsburgh A. C., 2; New York A. C., 2; Toronto, 1. Total, 151.

Buttermilk Boy's Brother's Record.

Denver, Aug. 28.—A. S. Hakenberger, brother of O. B. Hakenberger, the "Buttermilk Boy," today rode to Evans and return, 100 miles, unspaced, in five hours and fifteen minutes, establishing a new world's bicycle road record. He started from this city at 4:10 a. m. and arrived at the starting point on his return at 9:25. He was regularly timed and the record is official.

Seattle, Wash., August 28.—The announcement is made that George E. Piper has purchased the Post-Intelligencer of this city, and will take possession on September next. Mr. Piper, the present proprietor, is retiring from the management of the paper.
